CURRICULUM DETAILS

ACADEMICS

At Basant Valley Public School, Garhi Harsaru the prime importance are Education for Life, Excellence in Education and Commitment to a meaningful Education. Quality Education is provided to each and every child. The school believes that love for education should be developed for children in the initial years and conditions should be created for them to pursue a positive approach in life.

A unidirectional teaching method is being increasingly substituted by a multidirectional group workshop method. Here the teacher becomes the group coordinator initiating work, nurturing students without the phobia of examinations and homework. Emphasis is on development of oral and written expression. Home assignments are not a carry-over of classwork but oriented towards honing individual talents.

ACCREDITATION

Basant Valley Public School, Garhi Harsaru, Gurugram is affiliated with the Central Board of Secondary Education (C.B.S.E.) which is the largest educational board in India.

- Learn values, life skills, build relationships and grow up as confident and responsible citizens.

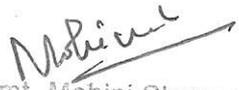

At this stage, there is no system of formal assessment.

PRIMARY CLASSES - I TO V

At this stage too, the curriculum supports experiential learning, focuses on conceptual clarity by relating learning to everyday life, developing thinking and analytical skills. The curriculum also aims at nurturing the affective domain of the learners through subjects and activities which will help develop the basic life skills in the learner – self-awareness, effective communication skills and emotional strength. The pedagogy at this stage is not absolutely fixed, structured or prescribed but it is multi-dimensional and flexible, which gives the learner ample opportunities to explore and discover.

LEARNING AREAS

1. **Languages** (English, Hindi) – Acquire the skills of listening, speaking, reading & writing, acquire varied range of vocabulary, develop interpersonal communication skills and express meaningfully. Third Language is introduced in Class IV. These languages are taught through activities with an aim to initiate the language in a fun way. However, a more structured syllabus is followed in the upper primary stage. Students learn Sanskrit.
2. **Mathematics** – Performing operation of numbers, understanding shapes, similarities and differences, collecting data, representing and analysing the data, identifying patterns in shapes and numbers etc.
3. **Environmental Science** – To make them aware of their surroundings, appreciative of and sensitive of environmental issues (natural, physical, social and cultural)
4. Information & Communication technology
5. Visual Arts & Performing Arts
6. Physical & Health Education
7. Life skills & Value Education
8. Children also get opportunities to join various hobby clubs as per their interest and aptitude. They participate in intra-section and inter-section competitions, class assemblies, annual days, celebrations and social awareness campaigns.
